CENTRAL ASIA

Five-city topographic study guide

Karachi south; Almaty north; Kabul west of Jalalabad.

Practice: study the landforms, cover the labels, then recall each city in the game.

Selection: saved Jan 1-Oct 21, 2026 archive; current five-city pool. Markers use game coordinates.
Relief: NOAA ETOPO1 via Matplotlib Basemap. Map extent is a study view, not a regional boundary.

FIVE PLACES TO REMEMBER

1. Karachi

Pakistan | 24.86°N, 67.00°E

Southern Pakistan on the Arabian Sea coast.

2. Lahore

Pakistan | 31.58°N, 74.33°E

Eastern Pakistan, inland and close to the Indian border.

3. Almaty

Kazakhstan | 43.24°N, 76.89°E

Southeastern Kazakhstan, at the northern foot of the Tian Shan.

4. Jalalabad

Afghanistan | 34.43°N, 70.45°E

Eastern Afghanistan; east of Kabul toward Pakistan.

5. Kabul

Afghanistan | 34.56°N, 69.21°E

Inland eastern Afghanistan; west of Jalalabad.
